**Fleets**

A yacht's AYC Championship points will be competing against the yachts in their pre-designated AYC Fleet noted above regardless of class splits for the individual events.

Example: A yacht with a PHRF-LE rating of 126 in a particular AYC counter event may be in the PHRF-F class for that particular event. For AYC scoring purposes, this yacht will be scored in the PHRF B AYC Class so that AYC results will reflect all PHRF B yachts scored. In other words, overall results for the particular counter races will be used for AYC scoring purposes and yachts will be scored in their respective AYC classes for this series.
